### **Derbyshire Rural Crime Team**

#### **Vehicle Wired Trackers Non Derbyshire Dales Resident**

Derbyshire Rural Crime Team, working in partnership with Back2You has secured a number of trackers which can be fitted to Landrovers ,Quad Bikes Tractors. This will enable the owner and the Police to monitor any movements of the vehicles should they be stolen.

#### **What it costs**

The cost to you is £140.00 and includes a years live tracking facility . There are no contracts, however after the initial 12 months there would be a further £50 per year ongoing cost

#### **How it works**

The tracker will work worldwide and is simple to use. The tracker comes with a simple step-by-step guide.

The tracker requires a live 12v power supply . The tracker will be activated via a downloaded app .

#### **What you get**

With your tracker, you will receive the facility to monitor its movements for 12 months . The company gives a 12 month guarantee and free technical help should a problem arise.

The tracker can be monitored on [www.back2voutracking.com](http://www.back2voutracking.com).

You can alter the settings of the tracker to allow it to notify you

- o if there is any movement of the vehicle it is attached to;

- o if the vehicle achieves a certain speed

- o if the vehicle leaves the boundary of a pre-affanged area which you have set up.

#### **How it helps the Rural Crime Team**

The company will notify us of all sold trackers to enable us to monitor them.

How to obtain your tracker

The trackers can be purchased from Back2You. Phone 0800 009 6366 and quote discount code FARM 30 to obtain your tracker for £140.00

Once you have accepted the installation of a dedicated police mobile number as one of the five available to receive the alerts, the tracker will then be despatched.
